MEMORANDUM FOR: Deputy Director for Support

SUBJECT : Office of Training Weekly Report

1. Naval War College Students Withdrawn from Special Project

CIA's two Naval War College students assigned by NWC to the Group Research Project, "Political Control of the Military," have been withdrawn from what was considered by CIA's faculty representative there,

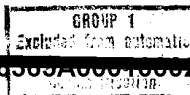

25X1A9a [REDACTED] to be a "coveted assignment." OGC and CI Staff agreed that the topic was not suitable for Agency personnel to pursue because of endangering our good relations with the military.

25X1X7 [REDACTED] handled the withdrawal.

2. Record Number of Employees in Full-time Academic Study

The Agency has 31 employees representing 14 components attending 17 different universities in the 69/70 academic year. Because of campus unrest all were given special administrative and security briefings in which problems that might probably confront them were identified. This is the largest number of academics the Agency has sponsored to date--and the largest outlay of tuition advances.
